CHARTER RENEWAL APPLICATION
CAL POLY -SLO

Due in the APC within two weeks after elections.

NAME OF ORGANIZATION: Amateur Radio Club DATE: 17 May 1982

DESCRIPTION OF ORGANIZATION: (The following will appear in the APC's "LEISURE RESOURCE FILE" which helps people to identify groups they may wish to join. It also helps you to recruit new members, so be as specific as possible. Use additional sheets if necessary.)

Basic Purpose/Goals of the Groups:

To promote and support interest in Amateur Radio among students. Amateur Radio is a noncommercial communication service authorized by the United States government. The best known activity in Amateur Radio is the service Amateurs provide in times of emergency. Amateurs, or "hams" as they are also known, engage in many activities designed to

(continued)

Types of Activities (include major activities/events during past year and frequency of meetings):

MEETINGS: 1st and 3rd Thursdays of each month and 1st Thursday of each quarter in Room 128, Engineering East.

The club's radio equipment is available for use by any licensed club member at any time. Someone is in the club's radio room (Engineering East 120A) almost continuously during weekdays.

The club also provides public-service communications for various community events. Events this year have included two races by the Sailing Club and an equestrian competition at Hidden Valley Ranch.

About once a month the club has a hidden transmitter hunt in which members compete to find the transmitter first.

The club is very active during Poly Royal. This year the club had demonstrations of Amateur TV live from events at Poly Royal, Radioteletype, and participated in the ET Dept.'s demonstration of data

Requirements to Join (include dues):

(continued)

There are no dues, only a one time $5 membership fee.

The only requirement for membership is an interest in Amateur Radio; it is not necessary to be licensed to join the club.

Summary of Activities (describe major activities/events during past year): Attach additional sheets if necessary.

Each month during the school year the club has held a hidden transmitter hunt. These events not only provide recreation and spur member enthusiasm, but also serve to sharpen the technical skill in radio direction finding techniques of the club members. During Poly Royal 76' the club provided open house with demonstrations of the different modes of operation available at the amateur radio station. Also the amateur radio operators provided communications for the engineers at station KCPR during remote broadcasting. As always the club held meetings on the 1st and 3rd thursdays of each month. Business such as operating procedures and the management of our Repeater station, dues, etc. were handled at these meetings.

SUMMARY OF ACTIVITIES
1967-68

(List major activities of the year; e.g., projects, banquets, barbeques, speakers, honors to the organization. Be brief, but be all-inclusive.)

This year was uneventful. The club did a good job providing communications for the Penguins motorcycle enduro. We had room 130 during Poly Royal. We bought a Drake T-4x transmitter with our own funds. We entered several operating contests including the 160 meter contest. Next year our advisor, Mr. Clerkin is going to graduate school and Mr. Chou will be our advisor.

AMATEUR RADIO CLUB BYLAWS

PREAMBLE

We, the students of the California State Polytechnic College having a mutual interest in amateur radio, do hereby associate ourselves together for the purpose of continuing our amateur radio activities, and do adopt this Constitution for our government.

Article I. Name

The name of this organization shall be "Cal Poly Amateur Radio Club."

Article II. Membership

Section A. Active

Any student body member of the California Sta te Polytechnic College shall be eligible for active membership.

Section B. Associate

Any faculty or staff member of the California State Polytechnic College shall be eligible for associate membership.

Article III. Dues

Section A. Requirement

The club shall charge each member a fee, fixed by the club, for each academic year. Once paid, the member becomes a member in good standing for that academic year. Should an active member in good standing miss four (4) consecutive meetings, he shall no longer be an active member in good standing but will regain that position upon attendance of a club meeting.

Article IV. Officers

Section A. The faculty advisor shall be trustee of the club station.

Section B. The elected officers of the club shall be a President, Vice-President, Secretary-Treasurer, Station Manager, and Engineering and Technology Council Representative.

Section C. Duties of Officers.

1. President; the president is responsible for the leadership of the club. He conducts the meetings and is the liaison between the trustee and the club.

2. Vice-President; the vice-president is second to the president and will replace the president if he resigns, is recalled, or is unable to perform some or all of his duties. The vice-president shall be a member of all committees.

3. Secretary-Treasurer; the secretary-treasurer shall keep club minutes, be responsible for club correspondence, collect dues, and handle all other club financial business.

4. Station Manager; the station manager shall be responsible for the proper operation of club equipment. He shall see that all club equipment not operating properly is reqpired. The station manager shall also see that all users of club equipment are properly instructed in its use and are "checked out" before using said equipment.

   a. An active member in good standing must have successfully completed one quarter as a student at California State Polytechnic College before he may be checked out. When being checked out, the active member in good standing must pay a one-time check-out fee set by the club.

5. Engineering and Technology Council Representative; the engineering and technology council representative shall represent the club at the Engineering and Technology Council meetings.

Section D. The election officers for an academic year shall be held in the Spring Quarter preceding the new academic year.

Article V. Meetings

Section A. A meeting shall be called during the first three weeks of the school year by the president, or in his absence, the vice-president, or in the absence of both, by the trustee.

Section B. Regular meetings shall be held at least once each quarter of the regular school year.

Section C. Special meetings may be called by the president.

Section D. At least one week advance notice must be given for each meeting.

Article VI. Election and Recall of Officers

Section A. A majority of active members in good standing at a meeting shall constitute a quorum.

Section B. An active member in good standing shall be legally elected to an office if he receives a majority of the quorum's votes.

Section C. Any elected officer may be subject to recall upon presentation of a petition at a regular or special meeting of the club if said petition is signed by twenty-five (25) percent of the active members in good standing of the club.

Section D. The petition shall be referred to a vote by a ballot of the members of the club within two weeks.

Section E. If two-thirds of the quorum cast votes in favor of recall, the recall shall be considered legal and effective.

Section F. The president shall then call a meeting to elect a new officer for the vacated position. If the position vacated was that of the president, the vice-president shall become the new president and shall call a meeting to elect a new vice-president. The term of the newly elected officer shall end when the term of the expelled officer was scheduled to end.

Article VII. Voting of Expenditures

Section A. Voting of expenditures of club funds shall be considered legal if a majority of A quorum approve such expenditures.

Article VIII. Expulsion of members

Section A. Any member may be expelled by a two-thirds vote of all active members in good standing of the club.

Srticle IX. Amendments

Section A. Any proposed amendment must be initiated by at least twenty-five percent of the active members in good standing and submitted to the secretary of the club.

Section B. The date of the filing of the petition with a full statement of the amendment, shall be posted conspicuously.

Section C. A favorable vote of two-thirds of active members in good standing shall be necessary to pass the amendment.

Section D. All amendments to the constitution and bylaws shall be subject to the approval of the Student Affairs Council.

Article VII. Administrative Review

Section A. All regulations and procedures outlined in the Constitution shall be subject to review by the President of the Califomia State Polytechnic College.

Article XI. Ratification

Section A. The ratification by two-thirds majority of members in good standing shall be sufficient for the establishment of this Constitution.

71-67-4

SUMMARY OF ACTIVITIES

1971-72

(List major activities of the year; e.g., projects, banquets, barbeques, speakers, honors to the organization. Be brief, but be all-inclusive.)

THIS YEAR OUR OPERATION WAS IMPROVED BY ERECTION OF TWO NEW ANTENNAS AND THE BUILDING OF A LINEAR AMPLIFIER. AN EXHIBIT WAS BUILT IN THE ELECTRONICS BUILDING FOR POLY ROYAL. ON MAY 13 A FIELD DAY IS PLANNED TO DEMONSTRATE OUR ABILITY TO PERFORM AS AN EMERGENCY COMMUNICATIONS SERVICE

This report prepared by: RICHARD ILLMAN Date: MAY 4, 1972

Approved by (Advisor): _____ Date: _____

AMATEUR RADIO CLUB

ANNUAL REPORT

1968 - 1969

ENDURO: The first event of any size was the Poly Penguins Enduro. Due to the poor weather, it was necessary to change the course, and only three of the checkpoints were manned by the radio crew. FM, thru the WB6TSO repeater was the primary link, with backup on 80 SSB. We had good support from the Central Coast Amateur Repeater Society. At that time, the repeater would not work to the other side of the Black Mountain range, except in a few scattered spots. However, subsequent equipment changes may have improved this situation.

Closer laison was needed with the Penguins. It was a mistake this year to rely on past performance; in the future, get agreements and plans in advance, especially concerning gasoline. The practice of having two checkouts is good, and worked to good advantage. When setting up the base station, try to get an isolated location, to avoid crowds of people interfering. Keep adequate and up-to-date check-off lists available to the public at an "information desk" seperated from the radios. Stay away from paths traveled by the bikes, they are very noisy.

Try to attend the picnic the Penguins hold sometime after the Enduro. This will develop a closer rapport between members of the two clubs, and improve understanding.

POLY ROYAL: No real changes were made for this years Poly Royal. We had four stations set up along the windows, and a row of tables along the blackboard for some displays. Also, we had a slide projector going. We borrowed a closed-circuit television from Pete Bickerdike, WB6IAC, which created much interest. The highlight of the exhibit was the "knowledge computer". The only problem with this was getting people to leave!!!

The volume of traffic handled was about 275 messages. One important note. Don't list the traffic on WCARS. Mearly announce that you have a large volume of traffic which you will handle on another frequency. Don't list the traffic even if someone asks you to; a lot of others on the net won't like it.

Some visitors complained that they were not able to get too close to the operating stations. Except for the traffic station, try to get to the public more with the other stations.

As far as traffic goes, 40 is the best during the day. From time to time, announce on WCARS where you are, and then go back. At night, the Golden Bear, Mission Trail, And Western Public Service nets on 80 are the best bets.

SWAP MEET: An end-of-the-year swap meet was tried, with dissappointing results. The physical planning was good, but the publicity was poor. It was a case of "too little, too late". It seems that the interest is there, but heavy publicity on this should start at least a month in advance. The Ag building parking lot is a good place, and tables can be gotten from the warehouse. Handout sheets should include a map of how to get on the campus and to the meet. Also, post signs around campus that will direct drivers as to where to go.

ANTENNAS: The acusition by the club was a stroke of good fortune. With the addition of a 15 foot shaft above the tower, it should be possible to mount the 10, 15, and 20 meter beams. WA6MGG in Atascadero has a large amount of RG-8 which is ours for the asking. Also, K6OIK is going to check with the boys at Stanford to see if we can get a Ham-M rotor and 6-meter beams from Montodoro Corporation.

FRESNO HAMFEST: Six mambers from the Poly club went to the hamfest, and a good time was had by all. Try to get the room reservations in early enough so that you can stay at the place where they are having the hamfest, rather than having to go to some other motel. Besides being more convenient, it is cheaper, since you get convention rates. For mobile judging, be sure that you have your license and an up-to-date log for every rig in your car. Also carry other coils for your mobile whips, noise supress the engine,and have spare fuses and tubes.

If they have a coil and capacitor contest, you will need a Handbook for resonant formulas. Bring tools for the transmitter building contest. To save money, bring sleeping bags and have some of the guys sleep on the floor. Unless only a few guys go, try to take two cars, so you will have some transportation if one of the cars has trouble. The trip will take about three hours, and if you travel early in the morning, you will avoid traveling when it is hot.

CONSTITUTION

AMATEUR RADIO CLUB

PREAMBLE

We, the students of the California State Polytechnic College holding amateur radio licenses, do hereby associate ourselves together for the purpose of continuing our amateur radio activities, and do adopt this Constitution for our government.

ARTICLE I

Name

The name of this organization shall be "Amateur Radio Club."

ARTICLE II

Membership

Section I. Active

Any student body member of the California State Polytechnic College who holds an amateur radio license shall be eligible for active membership.

Section II. Associate

Any faculty member shall be eligible for associate membership.

Section III. Honorary

Any licensed amateur who performs a service for the club may be granted honorary membership by a majority vote of the members.

ARTICLE III

Officers

Section I. The faculty advisor shall be trustee of the station.

Section II. The elected officers of the Amateur Radio Club shall be a President, a Vice-President, and a Secretary.

Section III. The election of the officers shall be held in the spring quarter of each school year.

Section IV. Any member may be expelled by a two-thirds vote of the club.

ARTICLE IV

Meetings

Section I. A majority shall constitute a quorum.

Section II. Regular meetings shall be held at least once each quarter of the regular school year.

Section III. Special meetings may be called by the President of the Amateur Radio Club.

Section IV. A meeting shall be called during the first three weeks of the school year by the President, or in his absence by the Vice-President, or in the absence of both by the Faculty Sponsor.

ARTICLE V

Recall

Section I. Any elected officer may be subject to recall upon the presentation of a petition at a regular or special meeting of the club if said petition is signed by thirty (30) percent of the regular members of the club.

Section II. The petition shall be referred to a vote by a ballot of the members of the club within two weeks.

Section III. If a two-thirds majority of the votes cast shall be in favor of recall, the recall shall be considered legal and effective.

ARTICLE VI

Amendments

Section I. Any proposed amendment must be initiated by at least twenty (20) per cent of the active members of the club and submitted to the secretary of the club by any one of the signers.

Section II. The date of the filing of the petition and notices of the election, with a full statement of the amendment, shall be posted conspicuously.

Section III. Voting shall be by secret ballot, and a favorable vote of two-thirds of those voting shall be necessary to pass the amendment.

Section IV. All amendments to the Constitution and Bylaws shall be subject to the approval of the Student Affairs Council.

ARTICLE VII

Administrative Review

All regulations and procedures outlined in the Constitution and Bylaws, and the amendments thereto, shall be subject to review by the President of the California State Polytechnic College.

ARTICLE VIII

Ratification

The ratification by a two-thirds majority of the voters in a club election shall be sufficient for the establishment of this Constitution.

CALIFORNIA STATE POLYTECHNIC COLLEGE
APPLICATION FOR CLUB RECOGNITION

In order that proper records may be kept and proper classifications be made of all clubs and organizations, will you please fill in the appropriate blanks and attach three copies of your proposed constitution. Upon approval, you will be given a copy of the approval sheet and your constitution. Approval may be revoked by the S. A. C. or the administration if there is not strict adherence to your constitution or to the purposes and activities as outlined in your application. It will be the duty of the club considered to maintain a current constitution by providing written copies of changes to the Dean of Student Welfare and the President of the Student Body. The student or graduate manager will handle the funds for your organization.

1. Name Amateur Radio Club Date November 5, 1947

2. Purpose and Activities An organization of those who hold amateur radio licenses and who want to continue their amateur radio activities while in college here at the California Polytechnic

3. Advisor's Signature Harry K. Wolf

4. Officers' Signature Clifford E. Fisher, President
Tony A. Soldevino (Vice-Pres.)
Eugene F. Ireland (Sec.-Treas)

5. Approval:

a. Student Affairs Council 28 April 48 Date Gene Pimentel President, S. A. C.

b. Administration 5/2/48 Date Julian A. McPhee President, California State Polytechnic College

June 13, 1994

Dan,

Hope this will be enough information for you. Sorry it has taken me so long for me to get this to you... I had lost the piece of paper I had put your name and department on! Let us know if we may be of any help!

Thank You -

Megan Boragine
